

CRC Client & Mortgage Testimonials

Dear Linda,

I would like to take this opportunity to thank you and your team for your outstanding work with my client's credit profile. The diligent, organized and tenacious work your staff conducted on my client's behalf provided them with quick and very impressive results within 6 months.

Their credit report score went from a 575 to 700 in that time. 125 points! Awesome. So obviously I am thrilled and really pleased so thank you again for such a successful effort. Additionally, despite how busy you personally must be running this company you found time to call me directly and touch base to assure my client's progress was satisfactory.

I did not expect such great service and was so delighted when I received it. Thanks once more for a job well done by you and your staff at CRC.

Michael, Multifamily Investments

I have been in the industry for a long time, and have seen, or heard, every "Clean Your Credit" scam. In the hopes that someone could actually do what they say they can, I have investigated many of the companies out there. I have not one good thing to say about them, and how they scam people out of their money, with little or no results to show for it.

After hearing Linda in her interviews, I called her myself. Of course I had a list of the tough questions that could get no good answers elsewhere, and she blew me away!

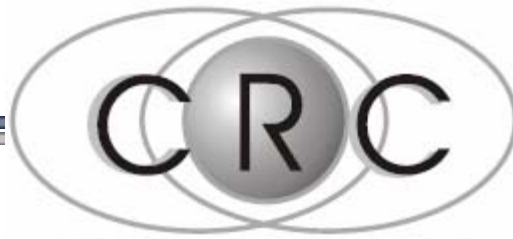

I gave her a client I thought was impossible to help, and in just a few months, my client (with under 500 scores), bought a house no money down! No one else could have done this.

If you run into clients with less than perfect credit, send them to Linda. I mean it. Send them to Linda. If your client is serious, you will be doing a loan for them in no time. Don't turn anyone away. Later when their credit is better, and you can write them, you will have a client for life! They love the fact that you are "Full Service", and they will trust you with everyone they know. I know; I am living proof with my clients.

"Thanks again for going over and above in your efforts to give us a "clean bill of health" credit report. We are so pleased with the final results. You did a great job and we really appreciate all of the hard work you put into this project. It's nice to know there are still ethical people like you in the work place. You represented your company, Credit Resource Corporation very professionally and always maintained high standards of respect and courtesy. This turned out to be a very pleasant experience for Laurie and I. The little extras like communicating with our lender, and your informative, reassuring phone calls added a personal element that seems to be lacking in many of today's professional services. Thanks again for a job well done."

Sincerely, Mike and Laurie Pompelia

"Any loan officer that doesn't use the talents that Credit Resource Corp. has to offer is simply missing the boat. I just obtained a \$1.5 million 1st and 2nd combo with three mortgage lates. In 10 days, Credit Resource Corp. removed them all, and the loan is closing in approx two weeks. I have another loan that Credit Resource Corp. spent approximately 45 days dealing with collections, judgments, and tax lien issues. They raised the credit score from 590 to 666, enabling me to obtain another loan totaling \$1.07 million. This is a resource that every LoanToolbox member should be utilizing!"

Dear Linda, We just wanted to take a moment to tell you how happy we are with your service! We know it's working because of all the "deletions" we're seeing in the mail! We never thought that it would happen so fast. We can't wait to see our new FICO score once you're finished! You must know that we shopped around before choosing Credit Resources Corp. and found that your company was less than half the cost of your closest competitor! When we call for an update or with questions, YOU actually answer the phone-even after five p.m.-very impressive! Thank You for helping us improve our credit history. We are convinced that we could not have done it on our own!!

All the Best, Steve and Monique Smallson

I referred a client to CRC in July, and the scores were 517/516/591. In December, the scores were 648/655/746. Alost 100 points in about 6 months on the middle score! (and look at that 746!) I knew I could trust CRC based on the LoanToolBox referral. Now they've proved themselves.

"I wanted to write and thank you for all of your work in correcting the problems on my credit reports. Because my scores are now so high, I was able to qualify for a good loan to buy the home that I wanted. So, now I am a happy homeowner, and a very satisfied customer. I can't thank you enough."

Thanks to CRC for the incredible job they have done for my clients. One client in particular had nearly all of the derogatory information removed from their file and they had a bankruptcy!! The score increased from 606 to 680 and more importantly, the report went from quite messy to very clean. I use CRC as part of my business and I have the utmost faith in them because they flat out get the job done. They could charge much more for their program than they do and I am truly thankful for them. Keep up the good work guys.

Dear Linda:

I'm writing you this letter because I am really impressed and amazed that you were able to help me with my two 30 day lates on my car lease. I thought that my thoughtlessness with these two late payments could not be corrected, but I was wrong. My mortgage lender was right about you!

I believe my credit scores went up over 100 points, and that helped me get into the best mortgage. You are awesome!

Kevin

Being a Mortgage Consultant, it is critical that my clients, and the general public, learn about the importance of credit and what a difference good credit can do for their lives. The Credit seminar that Linda Ferrari did for us was not only very interesting, but highly informative. She presented examples and information that really hit home and was easy for the audience to understand. Her presentation was interactive which was key since most of the audience was hearing about Credit for the first time. I feel that the Credit seminar was a real success and I would be honored to have her present it again in the future.

Still to this day I hear from people that were at the seminar, and they say how much they learned from Linda. As for the ones that missed it, they are still kicking themselves to have missed such great information by a true expert, and they make sure I hear about it!!

All I can say about "Credit Resource Corp" is Wow! To make it short they increased my score 206 Points in less than six months !!! Went from a 474 to a 680 on Transnation. My mid score was 492 now 670. I went from a unloanable borrower to an A borrower. It works!

Thank you. Rick S.

Just wanted you to know that using your "How Credit Scores Work" cd with Tim Braheem I've gotten 3 deals. It's a great USP and has become my tool of choice when working with the credit challenged. Thanks so much and the paperwork is on the way from my client for credit help.
