

## Need Credit Help? Hire A Professional You Can Trust!

In the past, credit reports and scores were instrumental in determining whether a consumer had the ability to purchase big-ticket items such as homes, cars, and appliances. This is no longer the case. Today your credit reports and scores are pulled even when you start a new account for your telephone, electricity and other utilities. And it doesn't stop there, not by a long shot. When your credit scores are low, you pay more for **everything**. Here's the short list where your credit reports and scores can cost you:

- |                      |                                     |
|----------------------|-------------------------------------|
| ✓ Lost Opportunity   | ✓ Checking Account                  |
| ✓ Humiliation        | ✓ Credit Cards                      |
| ✓ Employment         | ✓ Utilities                         |
| ✓ Promotion          | ✓ Medical Emergencies               |
| ✓ Auto Loans         | ✓ Insurance Rates & Payment Options |
| ✓ Education Loans    | ✓ Less or No Retirement Savings     |
| ✓ Business Ownership | ✓ Renting an Apt or Home            |
| ✓ Surety Bonds       |                                     |

But when it comes to a mortgage, a low credit score can mean:

- Not ever owning a home at all – or for many years
- Paying higher interest rates that can cost you thousands of dollars
- More for PMI (Private Mortgage Insurance)
- No Re-Finance Opportunity
- If your scores are below 620, you may be subject to a loan level price adjustment fee of up to 3% of the loan amount. On a \$300,000 home loan, that would mean an additional cost of \$9000.00.

No one has unlimited income, and no one wants to work forever. Every opportunity you have to reduce what you pay for your mortgage, your car, and your credit cards is money you can use to fund your retirement, pay for college education, and use for a brighter future. It's money you can use to establish a more solid financial footing so that you can be more comfortable and worry less.

Credit Resource Corp. ("CRC") has helped thousands of individuals conquer their credit challenges for almost a decade now and we can do the same for you.

Whether you're buying a home, refinancing your current home loan, or would like to use your home's equity, we at CRC are determined to help our clients successfully understand, improve, manage and maintain their credit portfolio. We look forward to working with you, and if you have any questions, please don't hesitate to contact an account executive by calling us at (866) 541-2500.

Sincerely,

## Why CRC & What Makes Us Different?

### ***We are NOT a credit repair company***

CRC is not a credit repair company. Credit repair companies only work on derogatory payment history, which represents 35% of an individual's score. CRC works with our clients on 100% of what makes up the credit score. Most consumers believe that the only reason they have a low score is because of late pays, charge-offs, bankruptcies, etc., but did you know that there are instances wherein a consumer with a bankruptcy may have a higher score than a consumer with just a couple late pays? The fact is that there are many reasons why a credit score is low and the only way to know what those reasons are is through experience, research and staying on top of the credit industry laws and changes in the scoring model industry. CRC has successfully helped many consumers increase their credit scores under even the most difficult circumstances.

### ***We educate***

Throughout the 6-month process, we work to educate our clients, giving them the knowledge they need to maintain and manage their credit profile better, now and in the future. We want to be sure that our clients will be prepared for future loan approval.

### ***We strategize***

Unless you are an expert in the field of finance and credit, it's close to impossible to know what questions should be asked to come up with a strategy that would result in a successful loan process. We work with you directly to determine what factors are key to loan approval and the initial focus for CRC is always to help you meet your immediate goal, and thereafter, we will continue to work with you for up to 6 months.

### ***We follow-up***

CRC has implemented technically advanced database systems to ensure that we keep our clients updated. Everyone involved will be better prepared to make the loan happen as soon the credit challenges in question have been resolved.

### ***No Referral or Application Fees***

Unlike most credit companies, when we send you to an outside resource, we DO NOT accept referral or application fees from the Resources that we send you to. We made this decision a long time ago, because we wanted our clients to listen to us when we gave them advice on opening credit cards, or signing up for credit watch programs. We also DO NOT pay referral fees for your business.

### ***We guarantee***

The Credit Repair Organization Act allows a guarantee as long as it is defined in detail to the client. Our guarantee to our clients is as follows: CRC will refund 100% of the fees actually paid to us by a client if we do not remove at least a 25% of the derogatory items in dispute within an eight month period from the start date of your membership. Our guarantee is subject to the following conditions: (i) client must have at least four disputable negative items at the time CRC is engaged by the client; (ii) collections, charge-offs and any account with a balance due is not included in the guarantee unless they are supported by proof of payment, a deletion or update letter from the creditor, and/or a settlement letter; (iii) client MUST send paperwork from the credit bureaus within 5 days of receipt. If CRC's workflow is stalled on an account due to the client not following the procedures, the guarantee does not apply; (iv) if additional derogatory accounts are added while CRC is working on the file, all monies will become immediately due, and the guarantee will no longer apply; (v) client must have not used a credit repair company or attempted to repair their own credit in the past 12 months.

NOTE: If client believes that CRC did not meet their guarantee within the allowed time, then it will be client's responsibility to provide CRC with a current credit report from each of the three credit bureaus, and a summary outlining client's complaint points in detail. CRC will then conduct an audit comparing the current reports to the original reports and if it is found that CRC did not meet the guarantee, client will receive a refund as outlined above. A CRC representative would be happy to answer any questions as to why we have these conditions on our guarantee.

## **How CRC Can Help You**

If you have been referred to CRC, you have probably been denied for a home loan due to a low FICO score. In the mortgage-lending world, credit scores either make or break you when it comes to obtaining a home mortgage or getting the best rate available.

“As you may know, a credit score is a computer-generated number that summarizes an individual's credit profile and predicts the likelihood that a consumer will repay future obligations. By comparing this information to thousands and thousands of credit reports, credit scoring identifies your level of credit risk.

Most consumers have no idea how influential the score is in the loan process, and although it may seem an impossible task, with the help of CRC, you may be able to overcome the obstacle you are facing today in a very short period of time.

1. **CRC Will Help You Understand the Requirements of the Lender in Advance.** The first step to ensuring a successful loan process is to have a good understanding of how lenders will look at your financial portfolio as it relates to credit. This can be accomplished by getting the answers to some basic questions like:

- What do lenders like to see in terms of credit scores?
- Do lenders prefer a credit report from a particular bureau?
- What are the debt-to-income ratios lenders are looking for?
- What is the most critical factor stopping your loan approval?

Unless you are an expert in the field of finance and credit, it's close to impossible to know what questions should be asked to come up with a strategy that would result in a successful loan process. We can work with your mortgage professional directly to determine what factors are key to loan approval. Once this information is in place, we can go onto the next step of this process.

2. **CRC Will Help You Determine “How To” Achieve the Necessary Results.** The second step is to determine how you can achieve the results necessary to get the best financing available. That's where CRC can really help you. One of our consultants will give your credit situation an in-depth assessment based on the initial information we receive from you.

The assessment takes several hours and becomes the foundation for the strategy used in the 6-month credit improvement process. It's like having an appraisal done on your home. The appraiser goes into great detail to determine what you need to do in order to maximize the potential listing price of your home. You have the choice to hire outside professionals to carry out the suggestions listed on the appraisal or you can do the work yourself. If you decide to hire CRC to do the work for you, we will ask you to commit to a 6-month program wherein our experience and expertise will guide you through the steps we believe are necessary to help you turn your “denied application” into an “approved loan” as soon as possible.

3. **CRC Will Help You Do the Work Necessary to Achieve Those Results.** The third step is to do the work. After the initial consultation, if you decide to work with CRC, we will ask you to commit to a 6-month program. CRC will utilize all available and legal methods allowed by consumer law to see deletion of derogatory information from your file. Some of the many strategies that CRC will employ to help you reach your credit score goals are:

Validation of Debt	Debt Expiration
Statute of Limitations Expiration	FDCPA/FCRA Violations

CRC will also work with you to:

- To make sure you have the right mix of open active credit working for you
- To make sure that you are managing your open active accounts effectively
- To make sure that you avoid making mistakes that could bring your scores down
- To make sure that your limits, balances, personal, demographic and identification information is accurately reported across all three major credit bureaus.

## **Programs, Fees & Payment Options**

At CRC, we are direct and honest. We realize that for many consumers paying for Credit Improvement may be difficult to justify, so we like to address this issue right up front. It is important to us that we make sure our clients are content and comfortable with our fees and we do that by helping prospective clients establish what the benefits of improving their credit would be to their lives.

For instance, from a financial aspect, if your credit scores are below 740, you could be paying anywhere from \$400 to \$1400 more per month on your mortgage payment. And with the new Loan Level Price Adjustments that have recently been implemented by Fannie Mae and Freddie Mac, carrying a FICO score of less than 680 could cost you an extra 2% upfront on a loan. That's an additional \$6,000 on a \$300,000 loan amount. The cost of our program will be covered within the first 1-3 months of your new mortgage, and you will save thousands of dollars over the life of the loan. Or, in the instance that we can help you have duplicate, inaccurately reported, or expired collections removed from your reports, we can save you thousands of dollars. Every year, consumers are bullied into paying millions of dollars to unethical collection companies who don't have the right to collect any longer, but because they use threats of lawsuit or garnishment, consumers feel that have no other option than to pay.

If you would really like to know the true cost of credit, which, without a doubt consists of over 25 items, you can [click here](#), or download the document from our site under the Download section.

When considering how much consumers are spending on mortgage interest rates, auto loan interest rates, credit card interest rates, auto insurance rates, higher Private Mortgage Insurance costs, inaccurately reported accounts, there is no question that financially, we can create a case for consumers to invest in hiring a professional service any day. But at CRC, our priority is helping to give our clients the ability to live an American Dream that otherwise they may not have been able to enjoy, like buying a home, passing a background check for the job of their dreams, or being able to borrow money to send their kids to college. If you asked yourself how much you would pay for Financial Freedom, what would that dollar amount be? This is when the value of investing in the right Professional Company to help improve your credit becomes immeasurable! Your investment will always be returned ten-fold.

If you are interested in this service, be sure to check the Expedite Option box on the consulting agreement.

### **PROGRAM 6: BK RELIST ADD ON - \$595**

**(For clients who have a BK that they believe is being reported inaccurately)** After bankruptcy, many credit reports often retain inaccurate information. In many cases, debts that were discharged and were supposed to have the obligations (amounts due) updated by the creditors and/or the credit bureau(s) are not updated correctly on the consumer's credit file, which can result in one's credit being damaged further. Accounts discharged in bankruptcy may also end up being incorrectly reported by collection agencies as new negative obligations with balances owing. This misrepresentation of information may further negatively impact the consumer's life as well as their credit reports and credit score, affecting employment background checks and housing opportunities.

CRC will conduct an audit against your credit reports using your Bankruptcy Paperwork, looking for inaccurate information to determine if you have any "trade lines" (accounts) appearing on their credit reports that indicate erroneous past due balances owing, open charge offs, outstanding collections, and duplicate collections, even though these obligations and their balances were discharged via bankruptcy. Making these corrections to one's credit report can go a long way toward reestablishing good credit and improving credit scores.

### **PROGRAM 7: Debt Negotiation Services**

THIS IS NOT DEBT SETTLEMENT OR CREDIT COUNSELING. Debt Negotiation is when you make an agreement with a creditor to pay a lump sum amount for a bad debt that is less than the amount you actually owe. Debts can usually be negotiated for between 40-60% of the original debt, however, you must be able to make the lump sum payment at the time of negotiation. You are a candidate for Debt Negotiation if:

- ✓ You are still current on accounts, but are just about to go into default for a long period of time due to financial hardship (loss of job, medical crisis, divorce). It is true that most creditors make it very difficult to negotiate debts that are still open active accounts, but we have seen many successful negotiations done before the account is actually in default. This is especially doable if you are upside down in your mortgage payments.
- ✓ You are already delinquent on accounts by a few months and do not foresee being able to catch up any time soon.
- ✓ You have accounts that have already been charged-off or sent to collections.
- ✓ You are being threatened by lawsuit or judgment.

Debt negotiation is a strategic and a time-consuming process, and is easier to accomplish with limited emotional attachment involved. Collection agencies are ruthless, and will go to any extent to scare you into thinking that they will take away everything from you if you don't pay your debt in full today on their terms. This is not true, however at CRC we know how intimidating it can be.

If you are ready to pay down your charge-offs, collections and unpaid judgments, and you don't have the time, or energy to face down the collection agencies or creditors on your own, CRC can do it for you. Here are our fees for Debt Negotiation:

For debts with balances of \$1500 or less each:

- 1-5 Accounts: \$895.00
- 6-10 Accounts: \$1595.00

For debts over \$1,500 each:

- File Set Up Fee: \$395.00
- 13% of the amount saved on debts which have a total due over \$10,000.
- 15% of the amount saved on debts which have a total due of \$1,500 to \$10,000.
- 5% of the total debt on debts that we have removed completely due to illegal reporting, etc. (The 2.5% is to cover the labor of battling with the creditor.)

If you are interested in Debt Negotiation Services, please check the Debt Negotiation option on Page 13, and a CRC specialist will call you to set up a negotiation consultation and estimate. This service requires a different CRC agreement.

### **PROGRAM 8: Federal Tax Lien Removal - \$895.00 (individual)**

If you currently have *federal* tax liens, here is some good news. There is a way to have paid federal tax liens removed from your credit reports prior to 7 years from the date when the lien is released. The process can take up to 3 months or more to complete, however, removing public records from your credit report is key to achieving strong credit scores.

To qualify for this program:

- Your tax liability must be satisfied and your lien must be released;
- You are in compliance for the past three years in filing - all individual returns, business returns, and information returns;
- You are current on your estimated tax payments and federal tax deposits, as applicable;
- You are in full compliance with other filing and payment requirements.
- You only owe \$25,000 or less (If you owe more than \$25,000, you may pay down the balance to \$25,000 prior to requesting withdrawal of the Notice of Federal Tax Lien) and have entered into a regular direct debit installment agreement.

If you sign up for this program, and we find that any of the above items are not compliant, there will be no refund for this Program fee as CRC will have spent several hours on working with the IRS, and the courts to determine your eligibility. If you have any questions about this program, be sure to speak with your CRC representative.

### **PROGRAM 9: Consumer Dispute Comment Removal - \$25.00 per item, per bureau**

**When underwriting a loan**, any accounts that are showing as "In Dispute" will stop the processing of your loan. CRC can get those dispute comments removed from all three credit bureaus within 3-5 days.

## **WHAT YOU CAN EXPECT DURING THE 6-MONTH PROGRAM**

At Credit Resource Corp., we specialize in helping our client's increase their scores through credit improvement and education. Regardless of which program or service you select, our goal is to make sure that you MAXIMIZE your current credit situation. We have an average success rate of 75-80% overall in correcting, or removing inaccurately reported information from a client's credit report, and on average, we see an increase in credit scores by 75 to 100+ points over a 4-6 month period. However, you will start seeing improvement within the first 45-60 days if not sooner. The increase can be even more significant if the client participates and follows the consulting advice given by Credit Resource Corp. from the beginning of the program.

Following is a summary of what you can expect during one of CRC's 6-Month Programs:

1. Once we receive your new client package, you will receive confirmation from CRC's new accounts department that your paperwork has been received and that your file has been started. If you are mailing in your paperwork, and you do not hear from us within a week after sending it, please call us immediately.
2. A CRC Credit Specialist will then assess your current credit situation in great detail. This assessment takes several hours, and becomes the strategy used in the 6-month program. The result of this assessment will be your Unique Credit Score Analysis described below.
3. By week two, you will receive a 10-14 page in-depth analysis report of the information on your current credit profile and how that information relates to the credit scoring system. Throughout the report we will give you specific instructions on items that you will be responsible for during the 6 months while you are in this program. In order to make improvements in your credit scores, it is important that you follow our advice as closely as possible, in a timely manner. The report will also give you a detailed list of the items that CRC will be working on for you.
4. **Depending on the strategy applied to your case, it could take anywhere from 6-10 weeks** for you to receive the first set of updates showing the improvements due to the work CRC has done on your case. All you need to do is scan and email or fax us everything you receive from the credit bureaus. The progress of your account depends on you making sure to send all paperwork to us within 3-5 days of receiving it. Remember, CRC will not be able to give you an update on your account without this paperwork. Once we receive your updates, you will receive confirmation of receipt from CRC within 3-5 business days. *Again, calling during the 3 business day period may cause delay in starting the next cycle of your file.*
5. It would be impossible for CRC to know all the details about your credit profile. In order to maximize our efforts, we will need some more information from you. When you receive your first full update from each credit bureau (Equifax, Experian and TransUnion), we ask that you go through each trade line reporting, good and bad, and verify what is being reported about you. Your Credit Score Analysis will give you a detailed list of what to look for. Your job is to circle and make notes next to items that raise questions and to send us those reports as outlined above in 4. This Verification Process should only be done ONE TIME, on the first full credit report that you receive from each credit bureau.
6. Over the remainder of the program, you will receive monthly statements on your account, monthly credit education newsletters and applicable alerts on current events in the credit industry.
7. In month 4, CRC will audit your file to make sure that progress is on track as planned.
8. After the last cycle (month 6), you will receive a closing package (which includes a full statement on your account.) and several items that will help you continue to manage and maintain your re-established credit in the future.

**JOIN A CREDIT WATCH PROGRAM:** Our experience in working with many clients has proven over and over again that the "not knowing" and "waiting" part of the program can be very unsettling. Many clients have their credit report pulled several times because they want to know exactly where they stand. Unfortunately, doing this causes what are known as hard inquiries, which can bring a consumer's credit score down by several points. By signing up for an on-line credit watch program while working with CRC you can watch your scores during the process, and you will give yourself the best possible chance of achieving maximum results in the shortest amount of time by having access to your credit reports. We refer our clients to [www.privacyguard.com](http://www.privacyguard.com). This site offers a credit watch program that allows you to pull your scores and reports from the three major credit bureaus every 30 days without causing a hard inquiry. CRC is not financially or otherwise affiliated with [www.privacyguard.com](http://www.privacyguard.com).

The Client hereby acknowledges and agrees that all negative items it has listed below that appear on its consumer credit reports are 100% accurate, timely or verifiable. Unless otherwise instructed, CRC will assume that the reasons the Client requests that CRC dispute the negative items that appear on its credit reports fall under one or more of the following categories: The Client does not recall these listings as they are being reported. ### **POWER OF ATTORNEY**

CRC will use commercially reasonable efforts to positively improve Client's Credit Profile. To do so, CRC needs the Client's permission to write and sign letters to the credit bureaus and creditors in Client's name. By signing below, Client hereby grants to CRC a limited power of attorney to write these letters on its behalf to the various credit bureaus and the Client's creditors. The Client may cancel this limited power of attorney at any time by sending to CRC a letter notifying CRC of the Client's wish to withdraw its grant of this power of attorney. The Client hereby acknowledges that if it decides to withdraw this limited power of attorney, CRC will close Client's file at such time and no refunds will be made.

### **CLIENT'S REFERRAL RESOURCE; WAIVER**

### **GUARANTEE/REFUND POLICY**

Our guarantee to our clients is as follows: CRC will refund 100% of the fees actually paid to us by a client if we do not remove at least a 25% of the derogatory items in dispute within an eight-month period from the time we are engaged by the client. Our guarantee is subject to the following conditions: (i) client must have at least four disputable negative items at the time CRC is engaged by the client; (ii) collections, charge-offs and any account with a balance due is not included in the guarantee unless they are supported by proof of payment, a deletion or update letter from the creditor, and/or a settlement letter; (iii) client **MUST** send paperwork from the credit bureaus within 5 days of receipt. If CRC's workflow is stalled on an account due to the client not following the procedures, the guarantee does not apply; (iv) if additional derogatory accounts are added while CRC is working on the file, all monies will become immediately due, and the guarantee will no longer apply; (v) client must have not used a credit repair company or attempted to repair their own credit in the past 12 months. **NOTE:** If client believes that CRC did not meet their guarantee promise within the 8 months as outlined above, then it will be client's responsibility to provide CRC with a current credit report from each of the three credit bureaus, and summary outlining client's complaint points in detail. CRC will then conduct an audit comparing the current reports to the original reports and if it is found that CRC did not meet the guarantee, client will receive a refund as outlined above. A CRC representative would be happy to answer any questions you may have as to why we have these conditions on our guarantee.

## ACKNOWLEDGEMENT OF PROGRAM GUIDELINES

Please **initial each item** to confirm that you understand the guidelines of the program. Without this document, we will not start your file.

1. You understand that in order for CRC to keep our fees low, CRC prefers communication by email and, therefore, if you do not have an email address, It will be your responsibility to contact CRC every 6 weeks for an update. You will only receive phone calls from CRC when we have questions about your file. (Note: If you do not have an email address, we recommend that you set one up temporarily for free at [www.yahoo.com](http://www.yahoo.com).) \_\_\_\_\_
2. You understand that CRC does not guarantee a specific score increase. Our guarantee relates to removal of derogatory information. \_\_\_\_\_
3. You understand that depending on the strategy applied to your case, **it could take anywhere from 8-10 weeks for you to receive the first set of updates** showing the improvements due to the work that CRC has done on your file. Until then, CRC will not have any progress to report and you will not hear from CRC until the first set of updates from the bureaus is received. If you have an email address, you will receive the account updates via email, and if you do not have an email address, it is your responsibility to call CRC every 6 weeks for a file update. In the meantime, you can feel free to call our toll free number at anytime with questions or email us at [info@creditresourcecorp.com](mailto:info@creditresourcecorp.com). \_\_\_\_\_
4. You understand that you must SCAN and email or FAX all paperwork that you receive from the three major credit bureaus (Trans Union, Experian and Equifax) to CRC as soon as you receive it. Do not hold paperwork; send it as you receive it. **CRC will not be able to give you an update on your account without this paperwork** and CRC will not be responsible for any delays in your case if you do not forward the paperwork in a timely manner. CRC also has the right to close your file immediately and permanently if you do not send these updates in a timely manner. \_\_\_\_\_
5. You understand that in all instances, when you send paperwork to CRC, you should receive confirmation within 24-48 business hours of receipt by CRC. Calling within this period may cause a delay in starting the next cycle of your case. If you do not receive confirmation, it is your responsibility to call CRC to follow-up. \_\_\_\_\_
5. You understand that other than New Client Paperwork, **all updates must be mailed and NOT FAXED** to CRC. If you fax your updates, there is no guarantee that they will be received or readable, and it could cause a delay in the progress of your case. \_\_\_\_\_
6. You understand that CRC cannot pull your scores unless you sign up for a credit watch program like <http://www.privacyguard.com> (see Page 7), and you understand that **we do not recommend you having your scores pulled by a mortgage professional** until it is time to process your loan. **This will cause a hard inquiry and will lower your score.** \_\_\_\_\_
7. You understand that throughout the program you will from time to time receive standard form letters from the three major credit bureaus telling you that you do not have to use a credit repair company, that you should know your rights, that you have to send proof of ID, etc. These are standard letters and you should not be alarmed. **Please do not call CRC to inquire about these letters.** Simply fax or scan and email the letters to CRC as outlined above in Paragraph 4. \_\_\_\_\_
8. You understand that **CRC does not keep copies of all paperwork that you forward to us.** Due to confidentiality and security reasons, a very limited amount of information is kept in your physical file. All other paperwork is shredded. **It is your responsibility to keep copies** of any paperwork that you may want to reference at a later date. \_\_\_\_\_
9. You understand that you **should NOT send original court documents or collection notices to CRC.** Only send copies of documents that will support your case. (i.e. proof of payment, court dismissal documents, etc.) \_\_\_\_\_

# CREDIT REPAIR ORGANIZATIONS ACT

## SEC. 405. DISCLOSURES.

(a) *Disclosure Required.*--Any credit repair organization shall provide any consumer with the following written statement before any contract or agreement between the consumer and the credit repair organization is executed:

### Consumer Credit File Rights under State and Federal Law

You have a right to dispute inaccurate information in your credit report by contacting the credit bureau directly. However, neither you nor any "credit repair" company or credit repair organization has the right to have accurate, current, and verifiable information removed from your credit report. The credit bureau must remove accurate, negative information from your report only if it is over 7 years old. Bankruptcy information can be reported for 10 years.

You have a right to obtain a copy of your credit report from a credit bureau. You may be charged a reasonable fee. There is no fee, however, if you have been turned down for credit, employment, insurance, or a rental dwelling because of information in your credit report within the preceding 60 days. The credit bureau must provide someone to help you interpret the information in your credit file. You are entitled to receive a free copy of your credit report if you are unemployed and intend to apply for employment in the next 60 days, if you are a recipient of public welfare assistance, or if you have reason to believe that there is inaccurate information in your credit report due to fraud.

You have a right to sue a credit repair organization that violates the Credit Repair Organization Act. This law prohibits deceptive practices by credit repair organizations.

You have the right to cancel your contract with any credit repair organization for any reason within 3 business days from the date you signed it.

Credit bureaus are required to follow reasonable procedures to ensure that the information they report is accurate. However, mistakes may occur.

You may, on your own, notify a credit bureau in writing that you dispute the accuracy of information in your credit file. The credit bureau must then reinvestigate and modify or remove inaccurate or incomplete information. The credit bureau may not charge any fee for this service. Any pertinent information and copies of all documents you have concerning an error should be given to the credit bureau.

If the credit bureau's reinvestigation does not resolve the dispute to your satisfaction, you may send a brief statement to the credit bureau, to be kept in your file, explaining why you think the record is inaccurate. The credit bureau must include a summary of your statement about disputed information with any report it issues about you.

The Federal Trade Commission regulates credit bureaus and credit repair organizations. For more information contact:  
The Public Reference Branch  
Federal Trade Commission  
Washington, D.C. 20580.
