

*"Any loan officer that doesn't use the talents Credit Resource Corp. has to offer is simply missing the boat. I just obtained a \$1.5 million 1st and 2nd combo on a borrower with three mortgage lates! In 10 days, CRC removed them all and the loan is closing in just two weeks.*

*On another loan, CRC spent about 45 days dealing with collections, judgements and tax lien issues. They raised the credit score from 590 to 666, enabling me to close a \$1.07 million loan. This is a resource that every loan originator should use."*
